

YL01

CONTROLLER

SAEKAI

The T32E4 controller is a durable switchgear that meets EC/EN 60947-5-1 standards. Its modular construction ensures versatility across applications. This controller is engineered to perform reliably in environments with high exposure to oil, moisture, ozone, and intense ultraviolet radiation. It is ideal for both light and heavy lifting equipment within industrial automation systems and fixed console operations

Technical Data

Ambient Temp:	-40°C to 85°C
Operating Temp:	-20°C to 60°C
Operating Force:	≤20N
Mechanical Life:	1M
Power:	AC 2.6A / DC 0.3A
Rated Current:	15A
Rated Voltage:	380V (440V)

Dimensions
